### Part B Requirements and/or Recommendations

- 1. Copies of the regulations, forms, interpretations, and manuals are available from a variety of sources. Check the FMCSA website for a current list of suppliers. www.fmcsa.dot.gov/factsfigs/eta/forms.html.
- 2. Conduct periodic internal reviews of your driver qualification, hours of service control, maintenance, accident analysis/reporting, training, and other safety systems to ensure continued compliance with the FMCSR.
- 3. If you have any questions concerning this report,, please contact the Federal Motor Carrier Safety Administration, (... INSERT ADDRESS OF DIVISION OFFICE HERE...)
- 4. Ensure that all drivers are fully and properly qualified before operating in interstate commerce. Maintain a complete file as required for each driver, documenting the qualification process.
- 5. Require all drivers to prepare complete and accurate records of duty status for each day, and to submit them within 13 days. Maintain all duty status records on file, with all supporting documents, for at least 6 months.
- 6. Toll receipts and other on-the-road expense receipts, invoices, bills of lading, dispatch records, and other "supporting document" must be kept on file for six (6) months. This requirement also applies to records generated by the use of owner-operators. You may keep legible photocopies in lieu of originals.
- 7. If you want some drivers to use the 100 air-mile radius exemption, make sure that the drivers meet all terms of the exemption, including being released from duty no more than 12 hours from when they report for duty. Logs must be prepared if a driver does not meet the 12 hour requirement.
- 8. Ensure that all drivers' records of duty status (logs) are accurate. Check them against " supporting documents" to verify accuracy. Prohibit falsification of logs by any driver. Review the rules on supporting documents. Take appropriate action against drivers who falsify logs.
- 9. Require all drivers to prepare a written inspection report for each day a vehicle is operated. Ensure that each report is signed by the driver, certified, and reviewed if defects are reported, then kept in the vehicle for a day.
- 10. Keep all driver vehicle inspection reports, signed, certified, and reviewed as required on file for at least 90 days.
- 11. Periodically review the maintenance and inspection records for all lease vehicles as required by Part 396 of the FMCSR. Keep a record to document these reviews and notify the vehicle owner of any violations detected.
- 12. Review with your drivers periodically the procedures for doing pre-trip and post-trip inspections. Ensure that safety defects reported by drivers on their Vehicle Inspection Reports (VIR) are repaired before the vehicle is re-dispatched. Require drivers to prepare Vehicle Inspection Reports on a daily basis. Keep them on file for 90 days.
- 13. Within 15 days, send a letter to the FMCSA describing what actions you have taken in response to this review to ensure that you are complying with the Federal Motor Carrier Safety Regulations.
- 14. This report contains citations of regulations that are deemed serious in nature and could result in penalties against your company and/or your drivers.
- 15. A complete Educational and Technical Assistance package entitled " A MOTOR CARRIER'S GUIDE TO IMPROVING HIGHWAY SAFETY" is available free on the FMCSA website to assist you in complying with the safety regulations. It contains many forms and documents useful for improving the safety of your operations. Page 1 of 2

### **Unsat/Unfit Information**

Does passenger vehicle transport more than 15 passengers, including driver?

Does carrier transport placardable quantities of hazardous materials?

Unsat/Unfit rule: Not Applicable

Corporate Contact: Mark J Toppi Corporate Contact Title: Owner

**Special Study Information:** 

#### Remarks:

This investigation was initiated because the carrier had applied to the South Carolina Public Service Commission for a Class E (HHG) Certificate. This certificate requires that the carrier be in compliance with the FMCSR as adopted by South Carolina. The carrier requested an intrastate compliance review. American Family Moving & Storage is owned and operated by Mark Toppi. Carrier does not own any trucks, but trip leases vehicles from Ryder with gvwr. under 26,000 lbs.

In Part 391, application was incomplete and previous employer check was not done.

In Part 396, post trip inspections reports were not being done.

An ETA Package was left with Mr. Toppi and he was given appropriate websites to obtain information. Mr. Toppi did not have a copy of the FMCSR.

Mr. Toppi was very cooperative and stated he would correct the violations immediately. He was requested to write a letter within 15 days stating what actions he had taken to correct violations cited.
